In one of the most sought-after locations in the Principality of Monaco, just a few steps from the renowned International School of Monaco, lies a rare architectural gem of the Belle Époque: a detached private villa that perfectly combines tradition, prestige, and quality of life. This exceptional residence is a true jewel - ideal for families as well as connoisseurs of architectural treasures. With a generous total area of 675 m² spread over four elegant floors, the villa reflects the style and sophistication of the Belle Époque. The façade enchants with its artistic details. Inside, the grandeur continues: high ceilings, large, partly floor-to-ceiling windows, and fine materials create a bright and airy atmosphere. Historical elements such as ornate stuccowork, antique parquet floors, and decorative fireplaces bring the charm of a bygone era to life - while inviting the harmonious integration of modern elegance. Currently, the villa

offers six spacious bedrooms and eight fully equipped bathrooms. Expansive living and reception areas allow for stylish entertaining, private family retreats, and living at the highest level. A fully approved expansion plan for an additional floor gives the new owner the opportunity for individual customization. The villa's ideal southern exposure ensures all-day sunlight and offers an impressive panoramic view over Monaco, along with a breathtaking view of the Mediterranean Sea. This villa presents a unique opportunity to acquire a piece of Monegasque history in one of the safest and most prestigious cities in the world.
