An exceptional, fully bespoke renovation by a renowned British luxury property developer, created with an uncompromising approach to design, craftsmanship and finish. The apartment has been completely reimagined from the ground up, with no expense spared and an emphasis on bespoke detailing rather than conventional off-the-shelf luxury.

Throughout the property, internationally renowned designers and specialist materials have been carefully selected. The bathrooms are fitted with Antonio Lupi Italian designer sanitaryware and finishes, while the bedrooms feature luxurious Zimmer + Rohde fabrics and linens, including bespoke upholstered elements.

The interiors are complemented by a collection of one-of-a-kind commissioned artworks, specifically created for the apartment and its individual spaces, making the art an integral part of the overall interior design.

A particularly rare feature is the apartment's private wellness area, incorporating both a traditional sauna

and hammam/steam room.
