In the heart of Monaco-Ville, this architect-designed studio seduces with its layout, its ingenious optimization and its panoramic view of Port Hercule, the Principality and the mountains.

The interior combines contemporary lines, touches of wood and mirrors to create a bright and warm space. It includes a living room, an open fitted kitchen with dining area, a shower room with toilet and bidet.

The mezzanine hosts a sleeping area with built-in storage. Its glass floor brings an original architectural signature while allowing light to circulate between the two levels.

A loggia with mosaic details offers a privileged space to enjoy the panorama of the port and the sea. The air conditioning and the numerous storage spaces complete the comfort of this property with a singular character.

Subject to the provisions of Law No. 1.235.
